All Members of City Council  
City of London  
300 Dufferin Avenue  
London, Ontario  
N6B 1Z2

Dear Mayor and Councillors:

Recently, there has been considerable public discussion and speculation about my Office's role and practices relating to closed meeting complaints concerning the City of London.

I would appreciate the opportunity to attend an upcoming council meeting to answer any questions and clear up any concerns that council members may have relating to my Office's closed meeting investigations.

Yours truly,
